

# Curriculum Vitae

## JOHN WAKABAYASHI

**Professor of Geology, California State University, Fresno, Department of Earth and Environmental Sciences, 2576 E. San Ramon Ave., Mail Stop ST-24, Fresno, CA 93740-8039  
tel. (559-278-6459)**

**email: [jwakabayashi@csufresno.edu](mailto:jwakabayashi@csufresno.edu)**

### EDUCATION

A.B. Geology, University of California, Berkeley, 1980; Ph.D. Geology, University of California, Davis, 1989

### REGISTRATION

California Professional Geologist No. 5890

### PROFESSIONAL SOCIETY MEMBERSHIP & LEADERSHIP

Geological Society of America (Fellow): Meeting and Technical Program Chair of 2013 Cordilleran Section Annual Meeting; Past President of International Division (now Section); member, nominating committee for Distinguished Career Award, Mineralogy, Geochemistry, Petrology and Volcanology Division; nominating committee for Best Paper Award, Structural Geology and Tectonics Division; American Geophysical Union (Member); Association of Engineering Geologists (Member): continuing education committee; Northern California Geological Society (Member).

### EMPLOYMENT

8/2015 to present: Professor of Geology, California State University, Fresno  
8/2010 to 8/2015: Associate Professor of Geology, California State University, Fresno  
5/2015 Visiting Professor University of Paris UPMC, Paris, France  
8/2005 to 8/2010: Assistant Professor of Geology, California State University, Fresno  
1993 to 2005: Independent geological consultant: engineering and environmental geology, neotectonics/seismic hazard, engineering petrography, independent research.  
2005: Lecturer, University of California, Berkeley: taught field course with theme of geologic transect of California  
1998-1999: Lecturer, California State University, Hayward (now East Bay): taught structural geology winter quarter in both years  
1998: Lecturer, University of California, Berkeley: taught structural geology spring semester  
1996: Lecturer, California State University, Hayward (now East Bay); taught graduate seminar on evolution of the San Andreas fault system  
1989 to 1992 Geologist, Earth Sciences Associates, Inc., Palo Alto, CA; Seismotectonic analysis and neotectonics; probabilistic seismic hazard analysis; petrographic analysis; slope stability; project work included investigations for water resources (dams, pipelines, tunnels, conjunctive use), hydroelectric and environmental projects  
1983 to 1988: Teaching assistant, UC Davis Geology Department; Courses T.A.'d include field geology, structural geology, tectonics, mineralogy, optical mineralogy, metamorphic petrology and igneous petrology  
1981 to 1982: Geologist, Geotechnical Consultants Inc., San Francisco, CA. Performed geologic mapping, core logging, petrographic analysis of Franciscan Complex rocks in San Francisco as part of geotechnical study for a cross-town sewer tunnel.  
1980: Geologist, Union Carbide Corporation, Grand Junction, CO and Missoula, MT. Performed geochemical, geophysical studies and geologic prospecting for hard rock uranium deposits in Colorado and Montana.

### CLASSES TAUGHT

**UC Berkeley:** Structural Geology (EPS 116) 1998, Field trip course (EPS 119) 2005

**CSU Hayward/East Bay:** Graduate course on Evolution of San Andreas Fault System 1996, Structural Geology (Geol 3810) 1998, 1999

**CSU FRESNO (2005-2021).** Fall Semesters: EES 1 Natural Disasters/Introductory Geology; EES 106 Structural Geology; and one of: EES 210 Faults and Earthquakes (Seismic Hazard Analysis) odd-numbered years then even-numbered from 2018; EES 3 Geologic Field Trip (3 times); EES 250T Graduate Topics Courses (Trench-Forearc Geology; Tectonics of Orogenic Belts; Subduction Zone Geology and Tectonics; North American Cordilleran Tectonics). Spring Semesters: EES 1; EES 105 Geomorphology; EES 107 Advanced Field Methods. EES 3 Geologic field trip (twice). EES 101 Petrology (Spring 2008, 2016). Other courses taught: EES 50 Geology of Local National Parks (Fall Semesters 2009-2012).

## **GRADUATE STUDENT AND SENIOR THESIS SUPERVISION (List of students advised)**

Ph.D. (joint advisorship) Graduated (1): Jun Luo (2015) Chinese Academy of Sciences, Beijing (co-advisor with Wenjiao Xiao)

Ph.D. (thesis committee). Graduated (3): Derya Güner (2017) University of Utrecht, Netherlands; Lauren Wheeler (2017), Dept. Earth and Planetary Sciences, Univ. New Mexico; David Shimabukuro (2011) Dept. Earth and Planetary Science, Univ. California Berkeley

M.S., Calif.State Univ. Fresno as thesis advisor: (2005-2021) Currently: Jordan Gist, Johnathann Renna Reyes, Aurora Rosenberger, Victoria Simoneau, Jamie Byrd. Graduated (10): Jessie Shields (2020); Sean Spencer (2019); Adam Inman (2018); Yvan Mendoza (2016), Dennis Eck (2014), Nobuaki Masutsubo (2013), Jennifer Jackson (2012), Chris Kemp (2012), Emily Fisher (2010), Chris Smart (2008)

M.S., Calif.State Univ. Fresno as thesis committee member but not advisor: (2005-2021) Currently: Claire Lee; Feng Teter, Kelly Ables, Ben Gooding, Bryan Rock, Oscar Smith. Graduated (20): Casey Polon (2020), Amalie Larsen (2020), Bryant Platt (2020), Alex Pytlak (2018), Christine Liu (2018), John Rarick (2018), Michelle Johnson (2017), Rosalie Schubert (2017), Dustin White (2016), Joe Canchola (2016), Paul Troop (2016), Kiersti Ford (2014), Chad Carlson (2012), Owen Kubit (2012), Anna Brody (2011), Doug DeFlicht (2010), Jorge Baca (2009), Rohit Sharma (2008), Sana Alsaoudi (2008), and Marlon Jean (2007).

M.S. thesis committee member, exclusive of Calif. State Univ., Fresno: Vance Smith, Department of Geology, San Jose State University. Graduated (3): David Hart (2019) Department of Geology, California State University Sacramento, Ron Rubin (2002) Department of Geology, San Jose State University. Scott Dickerman (1999) Department of Geology, California State University, Hayward (now East Bay).

Calif.State Univ. Fresno as undergraduate thesis advisor: (2005-2020) serving as undergraduate research advisor for Jill Schulz. Graduated (20): Jordan Gist, Bryce Matsumura, Joshua Marroquin, Steffany Aguilar Loeb, Kevin Loeb, John Tanner, Miguel Cisneros, Brian Hitz, Yvan Mendoza, Rachel Prohoroff, Chad Carlson, Jared Long, Joey Luce, Gary Smith, Barbara Jessup, Nick Smaira, Jerrod Lessel, Dillon Kass, Evalin Herleman and Donna Parkansky.

## **AWARDS/HONORS**

Progress in Earth and Planetary Science Most Cited Paper Award 2020, for Wakabayashi (2017b)

Geological Society of Japan Island Arc Award 2020, for Wakabayashi (2017c)

Richard H. Jahns Distinguished Lecturer in Applied Geology 2017-2018

Elected as Fellow of the Geological Society of America, April 28, 2012.

Keynote speaker, Geological Society of America Penrose Conference on the Central Asian Orogenic Belt, Urumqi, China, September 2011.

Keynote speaker, International Conference on tectonics of strike-slip restraining and releasing bends in continental & oceanic settings (Geological Society of London, London, UK, Sept. 28-30, 2005)

Visiting Professor, Pierre and Marie Curie University, Paris, France, May 2015

Visiting Scholar, National Taiwan University & Dong-Hwa University, Taiwan March 2014

Visiting Scholar, Centers of Excellence, Tohoku University, Sendai, Japan, May 2009.

Recognized as Exceptional Reviewer for Lithosphere 2016, Geosphere 2015, for Geological Society of America Bulletin 2013, and for Geosphere 2013, and Outstanding Reviewer for the Geological Society of America Bulletin for 2006. Osozawa et al., (2013), on which I am 7th author, won the Entomological Society of Japan Best Paper Award for 2014.

## **SCIENTIFIC EDITORSHIP**

Associate Editor for Geological Society of America Bulletin 2004-2012 (39 papers handled, excluding revisions). Lead volume editor of books "Plate Tectonics, Ophiolites, and Societal Significance of Geology: A Celebration of the Career of Eldridge Moores. Geological Society of America Special Paper 552 (2021) (12 papers in volume) and "Melanges: Processes of formation and societal significance": Geological Special Paper 480 (2011) (12 papers in volume). Lead guest editor of special issue of International Geology Review v. 57, no. 5-8 (2015) on convergent plate margin processes (23 papers in volume). Lead guest editor of special issue of Lithosphere on subduction initiation and termination v. 4, no. 6 (2012) (8 papers in volume). Guest editor for a special issue of the Island Arc (2018).

## **SCIENTIFIC PEER REVIEW**

Reviewed manuscripts (papers reviewed 1994-2021: >277 excluding some reviews of revised versions previously reviewed for the following journals (45 different journals): American Journal of Science, American Mineralogist, Bulletin of the Seismological Society of America, California Geological Survey (formerly California of Division of Mines and Geology) Special Publications and Maps, Canadian Journal of Earth Sciences, Contributions to Mineralogy and Petrology, Earth and Planetary Science Letters, Earth Science Reviews, Eclogae Geologicae Helveticae, Elements, Episodes, Frontiers in Earth Science, G-Cubed, Geological Magazine, Geology, Geological Society of America Bulletin, Geological Society of America Special Papers, Geological Society of America Map and Chart series, Geological Society of London Special Publication, Geoscience Frontiers, Geosphere, Gondwana Research, International Journal of Earth Sciences (formerly Geologisches

Rundschau), The Island Arc (Journal of the Geological Society of Japan), Journal of Asian Earth Sciences, Journal of the Geological Society of London, Journal of Geodynamics, Journal of Geology, Journal of Geophysical Research; Journal of Metamorphic Geology, Journal of Structural Geology, Lithos, Lithosphere, Marine Geology, Mineralogy and Petrology, Nature, Nature Geoscience, Precambrian Research, Proceedings of the National Academy of Sciences (PNAS), Revista Geologica de Chile, Science, Scientific Reports, Solid Earth, Tectonics, Tectonophysics, and a book on Western Pacific Subduction Complexes published by Springer.

Reviewed grant proposals for:

USA-based organizations: Four different National Science Foundation (NSF) Earth Science programs (Structure & Tectonics, Petrology and Geochemistry, Deep Earth Processes, and ODP/IODP), the Petroleum Research Fund, and National Earthquake Hazard Reduction Program (NEHRP-as ad hoc reviewer in 1990s).

Non-USA based organizations: British Council, Austrian National Science Fund FWF, China State Natural Science Award, National Fund for Scientific and Technological Research of Chile (FONDECYT).

Reviewed lay persons' geology book for University of California Press a chapter of a book on serpentine soils, and a lay persons' books on the geology of Mt Lassen National Park, and geology of California

Served on NEHRP Inter Mountain West Region proposal review panel Aug. 2015 & August 2016.

External reviewer, California State University, Sacramento Geology department 2017.

### **EXTRAMURAL GRANTS (as PI/co-PI)**

NSF-EAR \$69,692 (Award for 2007-2009). Geochemical investigations of subduction initiation processes, Franciscan Complex, California. Pre-Fresno State extramural grants included three National Earthquake Hazard Reduction Program Grants for a total funded amount of approximately \$150,000 awarded 1994-1997.

### **INVITED LECTURES/TALKS**

#### Keynote talks at International Conferences:

Geological Society of America Penrose Conference on the Central Asian Orogenic Belt, Urumqi, China, September 2011, International Conference on tectonics of strike-slip restraining and releasing bends in continental & oceanic settings (Geological Society of London, London, UK, Sept. 28-30, 2005);

#### Invited talks at Invitation-Only International Conferences

Coleman Symposium (Dec. 2003), Liou Symposium (Dec. 2005).

#### Invited talks at International Conferences

American Geophysical Union Fall Meeting 1994, 1998; Geological Society of America Annual Meeting, 1999, 2009 (twice), 2014, 2018; Japanese Geoscience Union 2016.

Invited talks at National Geologic Research Organizations

U.S. Geological Survey (Menlo Park, CA) (twice), U.S. Geology Survey (Denver, CO)

Invited talks at Geoscience Departments, Universities outside of USA

Cambridge Univ. (U.K.) 1998; Kyoto Univ. (Japan) 1993, Tohoku University (Japan) (2 talks) 2009, Guangzhou Institute of Geochemistry (China) (3 talks) 2011; National Taiwan Univ. 2014, 2018; National Dong-Hwa Univ. (Taiwan) (2 talks) 2014.; Univ. Pierre and Marie Curie (UPMC) (2 talks), Paris 2015. Univ. Utrecht (Netherlands) 2017.

Invited talks at Ph.D-granting Geoscience Departments, USA

Colorado School of Mines; Missouri S&T; North Carolina State Univ.; Portland State Univ.; Southern Methodist Univ.; Stanford Univ. (thrice); St. Louis Univ.; Univ. Alaska-Fairbanks; Univ. California Berkeley (Engineering); UC Davis (four times); UCLA (twice); UC Santa Cruz (twice); Univ. Colorado-Boulder; Univ. Hawaii; Univ. Nevada-Las Vegas (twice), Univ. Nevada-Reno (twice); Univ. Pittsburgh; Univ. Southern California; Univ. Tennessee-Knoxville, University of Texas-Austin; Univ. Texas-Dallas

Invited talks at non-Ph.D-granting Geoscience Departments, USA

Cal. Poly. Pomona; Cal. State Univ. Chico (thrice); Cal. State University Fresno (thrice; prior to employment there); Cal. State Hayward/East Bay (four times); Cal. State Univ. Sacramento (twice); Cal. State Univ. San Bernadino; Cal. State Univ. Stanislaus; Humboldt State; San Francisco State (thrice), San Jose State (thrice); Sonoma State (five times); California Univ. (PA); Georgia State Univ.; Guilford College (North Carolina); Slippery Rock Univ. (PA); Central Washington Univ.; Univ. North Carolina Charlotte; University of the Pacific; Univ. Western Georgia; Western Washington Univ.

Keynote talks at Regional Geologic Society Meetings

National Association of Geoscience Teachers, 2012

Invited Talks, Regional Geologic Society Meetings

Association of Engineering Geologists, San Francisco Section (four times), Association of Engineering Geologists, Sacramento Section (twice); Association of Engineering Geologists, Fresno Chapter (thrice); Northern California Geology Society (thrice), Peninsula Geological Society, San Joaquin Geological Society (twice), Volcanological Society of Sacramento (twice) .

## **GEOLOGIC FIELD TRIPS LED**

(organizations for which trips were led; university trips exclude trips conducted while in employ of that university)

Field Trips Led for International Conferences or Organizations

International Geologic Congress (1989); Amer. Assoc. of Petroleum Geologists (1990); International Geologic Correlations Project-Metabasites (1992); International Conference on Geochronology, Cosmochronology and Isotope Geology (1994); Amer. Geophysical Union Chapman Conference on Geodynamics and Plate Motions (1996); Geological Society of America Penrose Conference on Ophiolites (1998); Geological Society of America Cordilleran Section (1999, 2005, 2013); Casey Moore Retirement Celebration (2008); Ernst 80th Celebration (2011); CIDER (Cooperative Institute for Dynamic Earth Research) 2013; Goldschmidt 2014; Structural Geology and Tectonics Forum 2016. Streetcar to Subduction 2019 (AGU).

Field Trips Led for National/Regional Geoscience Organizations

Assoc. of Engineering Geologists SF-Section (three times), Friends of the Pleistocene Pacific Cell (1995 as stop leader, 2001 as main leader; 2003 as stop leader; 2015 as co-leader); Assoc. of Women Geoscientists, National Assoc. of Geoscience Teachers (twice), Northern California Geological Society (three times), Peninsula Geologic Society/Stanford Univ., Indiana Geological Survey (for German participants)

Field Trips Led for Geoscience Departments, Universities outside of USA

Univ. Oslo (Norway), Univ. Mainz (Germany), Univ. Wien (Austria), Univ. Salzburg (Austria), University of Quebec at Montreal (Canada).

Field Trips Led for Geoscience Departments, USA Universities

CSU Hayward, UC Berkeley (twice), UC Davis, Chico State, Brigham Young Univ., Miami University (Ohio).
